About Town.

Many complaints are made about
the manner of calling the fire depart-
ment out on Monday evening to sprinkle
the park. The citizens feel thankful to
the boys of the department for their
efforts to preserve the beauty of the green,
but would seem to be a better plan to
call the department in some other man-
ner than to give a regular fire alarm.

Chief Engineer Marsh requests all
citizens using fire-works on July 4th, to
be careful to prevent accidental
fires.

Essex Hook & Ladder Truck Com-
pany have elected Pierson Campbell as
assistant foreman in place of T. Howell
Johnson who resigned on accepting the
position as assistant chief engineer.

Rev. Albert Mann, Jr. will preach
on the subject "The proper observance
of the Sabbath" on Sunday evening in
the Park M. E. Church.

Charles Barstieher, Jr. fell from a
very tree a few days ago in Canal street
and sprained his wrist.

On Friday afternoon of last week
Harry Rose rescued a small boy from
drowning in Israel Dadd's saw mill pond
at Watessing.

The Knights and Ladies of Honor
of Newark and Bloomfield, will
make a union excursion to Ocean Grove
and Abney Park on July 15th.

The closing exercises of the school
at the church of the Sacred Heart were
held in Union Hall Thursday afternoon.

On account of the early issue of the
paper this week, a full account of the
games will appear next week.

Bloomfield has a Curiosity Shop at
No. 100 North Main street. The entire Chinese population of
Bloomfield are employed in the laundry
business.

Poulet & Co's organ factory shut
on last Saturday afternoon and will
not work on Monday next.

W. D. Leal, Physician.

Grand Protector, Oscar Wiener of New-
ark will officiate at installing officer.

Mr. William S. Delouhet and his

the summer in New York State.

A continued meeting on the subject
of Sabbath observance and Sabbath keep-
ing will be held at Reform Club Hall, near
A. L. R. R. station, on Sunday, (to-
morrow) July 5th, at 4 P. M. A report
of the meeting last Sunday will be found
in this column.

Some of the plank walks are in a
state of repair.

It is thought some one will sprain an
ankle or a leg, or a neck, or some
other less important bone, and
some one will be obliged to pay a
doctor's bill. If a slight considera-
tion of the comfort of the pedestrian
owners of these walks
would make a consideration for
the public good.

Board of Education.

The report of the District Clerk for the
year ending June 30th, was presented to
the Trustees on Tuesday evening. It
shows a favorable condition of the finan-
ces; \$2,131 remaining unexpended of
last year's appropriation, after paying all
expenses. The Center Primary building
cost a little over \$15,000 the sum esti-
mated by the Trustees. The increase of
mortgage indebtedness is \$8,000 making
\$19,300 in all. The school property is
valued at \$70,000. Three hundred cop-
ies of the report were ordered printed for
distribution at the annual meeting, which
will probably be held on Monday July 20.
An adjourned meeting will be held next
week, Tuesday. The following teachers
were re-appointed:

Mr. John B. Dunbar,
Miss Ella L. Draper,
Miss Ella B. Whipple,
Miss Samantha Wheeler,
Miss Mary W. Fisher,
Miss Ella L. Holmes,
Miss Edith E. Hubin,

A Grateful Acknowledgement.

With the remembrance of the past
kindness of our patrons, the ladies of the
Bloomfield Auxiliary Society of the New-
ark Orphan Asylum Association, were
encouraged to undertake the labor of
gathering the children at Weaver's Grove,
to enjoy their annual picnic.

We felt it a very great necessity this
year, as they had not breathed the pure
country air in two years; and as the
Newark ladies expressed it: "it is the
greatest pleasure they have, and look
forward to it through the whole year."

In behalf of the Society I gratefully
acknowledge once more the continued
generosity of our Bloomfield friends. The
success of this work depends very largely
upon the hearty co-operation of the whole
community, and although it has been
thoroughly proved and never found
wanting, still a constant repetition of a
call often becomes wearying and conse-
quently weakening.

This fact in human character often de-
ters those who are willing to bear the
burden of a public good work, from urg-
ing their friends from year to year.

Something of this sort crept into my
thoughts this year; but the hearty re-
sponse, with its accompanying generous
donations quite dispelled all doubt as to
the interest of the people in Bloomfield
in the lonely Orphans' cause.

This encouragement renews afresh the
life and energy in the good work for the
Master's sake.

I cannot commend too highly the bond
of unity and christian love which binds
the Committee together, as it were but
one hand at work, and is the cause of
all the arrangements working to a perfect
charm. Truly "God is in the midst of
us."

To Mr. Wm. H. Kellogg, Supt. of the
Morris Canal Co. I scarcely know how to
express our grateful feelings for his
"never being weary in well doing." For
the past four years he has never hesitated
to grant us a crew and boats all day.
The appointments surpassed this year, if
possible, those of former years. As long
as the society exists, his kindness will
be one of its most grateful and brightest
recollections.

It is with great pleasure we bring be-
fore our friends, a part of this work, which
has been so sweet and silent in its work,
as seemingly to be unnoticed, and which
relieved us of what seemed to be a defi-
ciency.

Miss Strummell, principal of Berkeley
School, is training unconsciously her little
ones, to think and work for others by
suggesting the gathering of flowers for
the Orphans, on this their gala day.
The bright happy faces of the children,
as they presented them, was a picture
ever to be remembered, and we say God
speed her in the work so well begun.

The Newark City Ice Co. did their part
toward the comfort of the day.

For the poor shall never cease out of
the land; therefore, I commend thee say-
ing, thou shalt open thine hand wide
under thy brother, to thy poor, and to
thy needy in the land.

Township Committee.

Several petitions for stone sidewalks
were received by the Township Commit-
tee on Wednesday evening and referred to
the sidewalk committee. By request of
Mr. F. S. Benson, a grade was estab-
lished for Highland Avenue. Bids for lay-
ing 2,000 feet of stone sidewalk were re-
ceived from Robert Hall, at 63cts. per
lineal foot; M. J. Callahan at 62cts., and
from Leavenworth & Kuler, for 62cts.
On motion the contract was awarded to
Mr. J. Callahan.

Mr. Jacobs, representing the Gutta
Percha and Rubber Company of New
York, presented samples, and on motion
was awarded the contract for furnishing
500 ft. of hose, 100 ft. of pump hose, and
six spanners, and one hose-pipe. A bill
for furniture for the Watessing hose
house was ordered paid. Messrs Ward
and Gillman, of Phoenix Hose Company,
presented a protest against giving the
first fifty badge members to Essex H. & L.
Co., which virtually recognizes them as
the senior company. The protest claimed
that Phoenix was the senior company
from the fact that they were first re-
ceived under the new organization of the de-
partment, objection was also made to
dating the certificates of membership
back to the time when they first became
firemen. Mr. Corby, offered a motion to
reconsider the resolution passed at the last
meeting relating to certificates and
badges, and grant the request of Phoenix
Hose Company. It was seconded by
Mr. Daily. After a debate the question
was called, when Corby and Daily favor-
ed it, and Oakes and Dodd opposed it.
The chairman voted no, killing the resolu-
tion. A contract was made with C. E.
McDowell, to furnish 25 car-loads of gravel,
after which the meeting adjourned.

Where is our Health Board?
After a delay of three months, and a
this time when every effort of such a body
should be exercised in order to prevent
the spread of contagious diseases, our
township officers have not taken the
first step toward organizing an official
health body, beyond the appointment of
a township physician. Smaller neigh-
borhood towns, like Montclair and Belleville
have their boards organized and Inspe-
ctor at work abating those never ending
death breeders found in the form of bad
drains, and dangerous cesspools.

It may be that these responsible offi-
cers have a fear that the Inspector might
visit their back yards.

The Sunday Newspaper.

To the Bloomfield Citizen.

We all know that the Sabbath is the
divinely appointed day of rest for man
and beast. The very word "Sabbath"
means rest. As it seems to me, the work
of publishing and distributing a news-
paper is wholly unnecessary and there-
fore a direct violation of the fourth com-
mandment which forbids labor on that
day. An abundance of matter is, or can
be, written, printed, sold and bought on
any other day of the week and kept in
reserve for Sunday reading-matter suited
by its variety to rest the mind, by its
elevated moral tone to improve the char-
acter, and furnish rational employment
to take the place of gossip, letter-writing,
walking or riding.

But one sudden view of the Sunday
newspaper which comes immediately un-
der my own observation is that of the
employment of boys in their distribution.
I have one of these little paper carriers
in my Sunday-school class, at least, I
have him about one-half the time. Last
Sunday when I pressed him to give me
the reason for his absence on the pre-
vious Sunday he said "When I get home
after I have served my papers I am so
tired I must go to sleep and then I can't
wake up in time to come to Sunday
School."

Is it not a shame that these children
are robbed of the sabbath of rest and
of the instruction and holy influence they
might get in the Sunday-school? How
will they be likely to regard the day
when they are grown, and what likelihood
is there that they will grow up with any
sort of a sound religious character? It
seems strange that parents, for the little
money their children earn on the Sunday
morning, can be willing to imperil their
highest interests. There is a law pro-
hibiting the employment of children in
places of business through the week,
cannot the same law be enforced on Sun-
day? If papers are distributed on Sun-
day let it be done by grown up men who
are responsible for their own actions.

No possessions are good, but by the
good use we make of them, without
which wealth, power, friends and ser-
vants, do but help to make our lives more
happy.

Sprinkling the Park.

On Monday evening the Township
Committee and Chief Engineer Marsh met
at the park and an alarm was sounded
from the fire bell. Phoenix Hose Co. re-
sponded first and turned on its first
stream just four minutes after the call
was made. The Hook and Ladder Co.
were one minute later and Active Hose
of Watessing, which had a mile to run
got a stream on in ten minutes. The
three companies then gave the park a
shower bath which freshened the grass
and will help to preserve it if the dry
weather continues.

A Garden Party will be given by
the ladies of the Church of the Sacred
Heart, on the afternoon and evening of
July Fourth on the grounds of James
Nevis, on Washington Street. Should
the day prove stormy the party will be
held in Union Hall, aside from a boun-
tiful supply of refreshments and delicacies,
numerous games and out door sports will
be provided for. As this is the only one
of our Bloomfield societies which will
celebrate the Fourth, the party will un-
doubtedly be largely patronized.

To the Citizens:
I call your attention to the fact that the
worst day in the year for fires is al-
most here, will you please notify the pub-
lic at large to use extra caution in and
around their houses. It is a very wise
plan to have a tub of water handy, with
two or more buckets where they can be
used at a moment's notice. One minute
at the start is worth considerable. I in-
tend to have men on duty all day the
Fourth. I simply write this hoping you
will caution the people through your
columns.
